KIDTIVITY LAB

Small steps. Everyday practice.

My savings goal

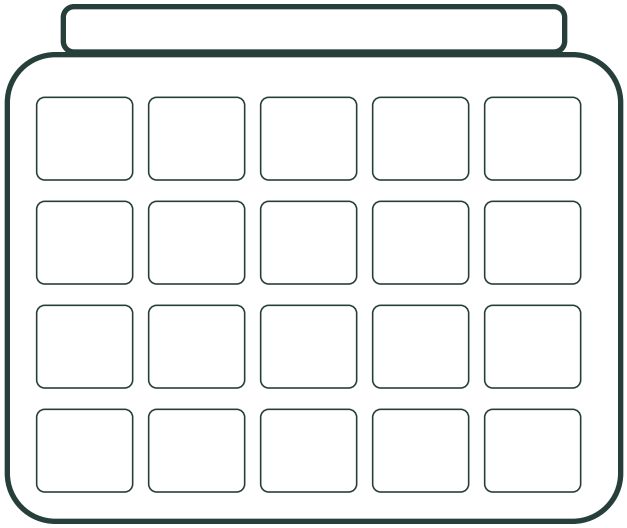
Choose a goal, decide how to save, and count together each week.

My goal: _____

It costs $_____ I have $_____ I save $_____ each week.

Each section = $_____ (Goal amount divided by 20.)

Draw your goal here



Color sections only after saving the money.

Weekly counting day: _____ Goal date: _____

Date	Added	Total saved	Still needed

After buying: Was it worth the wait? What was hard? What is next?

Coins are choking hazards. Keep away from under-3s and children who mouth objects.
